

2022 Kiona Vineyards And Winery Chenin Blanc Ice Wine Estate Grown

Not made every vintage, the 2022 Chenin Blanc Ice Wine Estate Grown is a delightful dessert wine, crisp in acidity, made from 100% estate-grown grapes. The vineyard has four acres of old-vine Chenin growing in one the coldest spots in the appellation. Balanced sweetness shines through a core of orange peel and dried pineapple. The grapes are picked when naturally frozen in the vineyard at concentrated sugar levels; this one has 152.4 g/L of residual sugar at 7.8% ABV.
