

2022 Kiona Vineyards And Winery Lemberger

One of the winery's flagships and the first commercial bottling of the variety in the United States in 1980, the 2022 Lemberger is an estate wine blended with small amounts of Merlot and Cabernet Sauvignon. The family farms 13 acres of Kiona Estate Vineyard Lemberger. Light in color, spice, and lithe red fruit, it all works together within a simple tannin structure and light to medium-bodied frame. It would work well chilled. Drink now.
