2022 Estate Bottled
Red Mountain Lemberger

“A perennial favourite, it's often the gateway red wine for those new to Red Mountain; it's still only \$20, and it always over-delivers. and has for more than 40 vintages now. On the nose, candied strawberries, ripe cherries and dashes of lavender and desert scrub. The palate is a nice melange of ripe berries and savoury desert garrigue, which frames cherries and savoury salinity.”
